Dit document is gegenereerd uit een door PPT Telecom beschikbaar gesteld ASCII bestand. Het bestand werd verspreid het hercoderen van oude telefoonnummers in de nieuwe tien cijferige nummers te vereenvoudigen. Het hercoderen betreft het netnummer. De linkerhelft van een kolom toont het oude netnummer, de rechterhelft het nieuwe.

This document was generated from an ASCII database provided by Dutch PPT Telecom. The database was distributed to ease the recoding of old telephone numbers to the new 10 digit system. The recoding concerned the area number. The left half of the columns show the old area number, the right hand shows the new one.
